**Forno elettrico a convezione**
Electrical convection oven
Four à convection électrique
Elektro-Konvektionsofen
Horno eléctrico de convección

14100488

# FCE5-UM*

## Caratteristiche e vantaggi

- Tecnologia a convezione con umidificatore e inversione automatica delle ventole
- Regolazione manuale della temperatura
- Porta con doppio vetro di sicurezza
- Distanza guide 65 mm
- Illuminazione interna

## Characteristics and advantages

- Convection technology with humidifier and automatic reversing of the fans
- Manual temperature adjustment
- Door with double safety glass
- Slides distance 65 mm
- Interior lighting

## Caractéristiques et avantages

- Technologie à convection avec humidificateur et inversion automatique des ventilateurs
- Réglage manuel de la température
- Porte double vitrage de sécurité
- Distance entre les guides 65 mm
- Illumination interne

## Merkmale und Vorteile

- Konvektionstechnik mit Luftbefeuchter und automatisch invertierenden Ventilatoren
- Manuelle Temperatureinstellung
- Tür mit doppeltem Sicherheitsglas
- Schienenabstand 65 mm
- Innenbeleuchtung

## Características y ventajas

- Tecnología de convección con humidificador y ventiladores reversibles
- Ajuste manual de la temperatura
- Puerta con doble acristalamiento
- Distancia entre las bandejas 65 mm
- Iluminación interna

* Senza griglie e senza bacinelle Gastronorm
* Without grids and without Gastronorm trays
* Sans grilles et sans bacs Gastronorm
* Ohne Roste und ohne Gastronorm Behälter
* Sin rejillas y sin bandejas Gastronorm
